
ColorWorks CW-C6000 Series

DATASHEET / BROCHURE

Four inch colour label printers that offer bespoke, flexible, colour labelling and support a wide range of label sizes.

These on-demand, digital, four-colour label printers open up new opportunities for businesses with lots of SKUs to manage and not much time. The C6000 Series meets the needs of small to medium batch customers across many sectors (food, chemical, beverage, manufacturing etc.). The series includes peeler-equipped (Pe) and auto-cutter (Ae) models.

Media Flexibility

The C6000 series benefits from a wealth of new features that are designed to provide practical and creative solutions. It supports media widths, from 25.4mm to 112mm and boasts expanded media support which even includes textured paper. In practical terms, this range of ColorWorks label printers can print anything from tiny labels for vaping liquid bottles, to large durable labels that are suitable for chemical drums. The matte black ink version (for both Pe and Ae models) also provides users with increased print finish flexibility on textured or plain paper.

Easy to use

The series has been designed to be extremely user friendly. All operations can be carried out from the front, which saves on operation space. The roll replacement is possible from the front, right and left. We've also designed a number of technical tools to help with printer management, configuration and maintenance, including: web interface and printer fleet management, remote configuration, maintenance and monitoring.

Print quality

These label printers offer high-quality, high-resolution, four-colour print output as standard; along with colour matching functionality (ICC profile and spot colour matching tool) for impressive, impactful, on-demand colour labels.

Easy integration

All models in the range are integration-friendly. SAP direct support, ESC Label, Linux and Mac drivers. ZPLII compatible

KEY FEATURES

- **Media Flexibility**
Expanded media support. Label widths from 25.4mm to 112mm
- **Compact**
Simple, unobtrusive design with front panel operation
- **Built-in peeler model (CW-C6000Pe)**
For print-and-apply production line goods.
- **Auto-cutter model (CW-C6000Ae)**
For chemical, food & beverage, horticulture, and logistics
- **Matte black ink version**
Available for both CW-C6000Ae and CW-C6000Pe models

ColorWorks CW-C6000 Series

WHAT'S IN THE BOX

- Driver and utilities (CD)
- User manual
- AC adapter
- Individual Ink Cartridges
- Main unit
- Roll paper
- Maintenance box

SUPPLIES
